There is relaxation in percentage of marks and reservation in seats according to government policy at the time of admission. In 2011-12, BPL students received scholarship funded by U.G.C. Financial help is provided to extremely poor students who are earmarked and selected on the basis of the income certificates and other details provided by them. Some teachers personally help needy students from time to time by giving them financial aid and study materials etc.

**(ii) students with physical disabilities:**

At the time of admission, they are given concession in their cut-off percentage, they can come directly to the concerned teacher or staff instead of standing in long queues. Once the session starts, the college tries to focus on their physical and academic requirements.

Nil

**(iv) students to participate in various competitions /national and international:**

The teachers of the concerned departments support those students who participate in national competitions by giving guidance and counselling as and when required. They also accompany the teams or students for participation in programmes in other colleges or platforms. For instance, the games teacher accompanies her teams going out of Kanpur.

There is also a health-centre in the college with necessary infrastructure. Arrangements can be made for a doctor on call when required. The plan of providing health insurance to the students is on anvil.

**(vi) Organizing coaching classes for competitive exams:**

The institution facilitates and supports the students for appearing and qualifying in various competitive examinations. It ran coaching classes for entry into these competitive exams and services from 9<sup>th</sup> January 2012 to 16<sup>th</sup> March 2012 (details are given in Q.no.5.1.7). The Guidance and Counselling Cell of the institution also organises such programmes for the students from time to time.

**(vii) Skill Development (Spoken English, Computer Literacy etc.):**

To develop such skills among the students, the institution runs many programmes from time to time. The Department of Sanskrit along with Uttar Pradesh Sanskrit Sansthan organised a ten days 'Sanskrit Sambhashan Programme' in 2012 for students to enhance their skill of Sanskrit-speaking. Many students participated in this programme. The institution, with the help of the teaching agency 'Y2K computers', successfully runs a fully-equipped computer-centre for 'O' level computer course.

This course is affiliated from C.S.J.M. University, Kanpur. Over 800 students have passed out from the college over the last 9 years. There are 8 to 10 computers in the centre. Each period is of 45 minutes of duration with theory and practical being taught everyday. After the completion of the course, the students get “O” level certificate. The teachers always motivate the students to attend seminars, work-shops, symposiums and conferences organized by other colleges. The students get exposure for higher learning through internet which is enabled by Network Resource Centre (NRC) of the college established under U.G.C. XI Plan scheme.

Students are also motivated to attend cultural activities organized not only by other colleges but also by the university, district administration or corporate/business houses of the city. They have earned laurels by winning several prizes for the college.

The Dept. of sports also takes the college teams to tournaments organized by the institutions within or outside Kanpur city. There also the students have bagged prizes for themselves and the college.

The detailed list of all these achievements is provided in Q.nos. 5.3.1 and 5.3.2

This is done on the basis of their pass percentage in intermediate exams, future plans about their career and various competitive exams after U.G. and P.G. courses.

from the library, lack of finances to buy books, loss of personal money in the college campus etc. are tended to and solved by the convener of Grievance Redressal Cell, Smt. Suman Pandey. Sushma Prajapati, the student of M.A. I in the self-finance course of Home Science was too poor to pay the full fee of her course. The Cell had her fee redeemed. Many such other problems of personal or academic nature have been solved by the Cell. Several teachers and faculty members of the college also counsel and help the students financially and academically by giving their fees and books etc. at personal level. Km. Sujeeta Jha, the student of B.A. first year was facing some financial and domestic problems, which were handled by Dr. Chandni Saxena, Asst. Professor, Dept. of History, at personal level.

Ans: Yes, the institution has two Grievance Redressal Cells:

- (a) For employees
- (b) For students

- To put-up and discuss the complaint with the duly constituted committee or authority.
- To arrange for suitable suggestive procedures and measures with the appropriate authority to resolve and redress the complaint lodged by the complainant.

### **Major Grievances of students redressed during the last four years:**

Most of the grievances reported by the students in their applications have been related to the loss of identity cards or green slips, poor financial condition and request of financial help, arrangement of furniture in the classrooms, difficulties related to the library and some personal and family problems. The Committee, in order to resolve these problems, approached the appropriate centres of authority which could look into the respective matters. The girls who had lost their identity cards or green slips were helped by issuing new I. cards or green slips by the office. Some students reported that their subjects in the admit cards of their examinations were wrong. The committee contacted the university for corrective measures. Some students of M.A. (Home Science) who were too poor to pay their fees had, on the instructions of the committee and then of principal, had some percentage of their fee redeemed. Those whose personal belongings were stolen in the college premises reported their loss to the Cell. They were not only helped in recovering their stolen goods but the girls who had helped in the recovery were appropriately rewarded for their efforts. The Cell has also been imparting necessary instructions to the electricians, plumbers or peons for grievances related to water, electricity or cleanliness within the premises.

#### **5.1.11. What are the institutional provisions for resolving issues pertaining to sexual harassment?**

Ans: The 'Women Harassment Cell' is working to solve and redress any problem or complaint registered by the women employees or students of the institution for any harassment inside the college campus. The functions of the Cell are:

- To register any complaint of harassment submitted by any working women employees or bonafide students of the college.

- To organize, conduct and execute programmes to create awareness and enlighten the women of the institution to redress and resolve women harassment/atrocities anywhere.

### **Activities of Women Harassment Cell**

- Due to ever increasing incidents of women harassment in the city, this Cell organised a rally in collaboration with an NGO named 'Mahila Manch – Sakhi Kendra' Kanpur and tied 'Rakhis' to the male employees of the institution and the adjoining areas- a small but effective gesture to spread and rekindle the brotherly feeling to curb women harassment. A 'Mahila Manch – Sakhi Kendra' in collaboration with 'Equal Opportunity Centre' of the college was launched.

- A programme of ‘Women’s Parliament’ was organised in the institution to create awareness towards right of voting and rights of women in March 2012. A printed pamphlet entitled ‘Laws Protecting the Women’s Harassment’ was distributed among the staff and students to create awareness about the existing legal remedies in this regards.
- In 2012-13, a complaint by one of Lab-Assistant Mrs. Mridula Tripathi of the college was lodged in the Cell which has been expedited to her satisfaction.

**5.1.12. Is there an anti-ragging committee? How many instances (if any) have been reported during the last four years and what action has been taken on them?**

Ans: Yes, there is an Anti-ragging Committee in the institution. All the committee members remain active throughout the year to prevent ragging in campus. That is why no incident or complaint has been reported by students to Committee members.

**5.1.13. Enumerate the welfare schemes made available to the students by the institution.**

Ans: There are only a few specific schemes for student welfare. The college runs ‘Students Guidance and Counselling Cell’ (details provided in question no. 5.1.9) and has run several courses under the aegis of ‘Equal Opportunity Centre’ to enhance the entrepreneurial skills of the students which have really helped them to earn while they learn (detail given in question no. 5.1.5). The guest lectures have also been organised to keep the students informed about the latest developments and researches made in their subjects. The college is planning to provide insurance to the students in near future.

**5.1.14. Does the institution have a registered Alumni Association? If yes, what are its activities and major contribution for institutional, academic and infrastructural development?**

Ans: Yes, the institution has an Alumni Association which was formed in 1989. Since then many activities have been performed by this Association. These are:

- There was an annual meet of Alumni Association on 23<sup>rd</sup> February 2011. On this occasion, Dr. Vishwaprabha Sharma, the Ex-H.O.D. of Education, gave away the sum of Rs. 1000/- as motivation to two students of the college – Km. Padamashree Bajpai and Km. Nidhi Verma. Moreover, the ex-students and the present faculty of the college, Dr. Niranjana Shukla and Dr. Mridula Rawal gave silver medals to the following students:

Asha Baheti	Outstanding performance in academics
Rani Prajapati	Outstanding performance in sports
Pragati Rathor	Outstanding performance in cultural activities
Shweta Tiwari	Outstanding performance in social works
Sonal Dwivedi	Best Student

- Dr. Mridula Rawal, the ex-student of the college and the former H.O.D. of Education donated Rs. 50,000/- to the Alumni Association for the welfare of the students. This amount was utilized to purchase white boards for the college. Dr. Vishwaprabha Sharma, donated Rs. 10,000/- to the college.

- A lecture series was organised by Alumni Association from 15<sup>th</sup> December 2013 to 24<sup>th</sup> December 2013 to inspire the students. The lectures were delivered by Dr. Sangeeta Saxena (ex-student and presently the Associate Professor in D.G. College, Kanpur), Dr. Nirupama Dixit (ex-student and Ex-H.O.D. of Psychology in S.N. Sen P.G. College, Kanpur), Dr. Mridula Rawal (ex-student and Ex-H.O.D. of Education in Juhari Devi Girls P.G. College, Kanpur), Smt. Shilpi Mehrotra (ex-student and owner of a Restaurant in Kanpur), Ms. Aarti Chauhan (ex-student and freelance artist from the Department of Drawing and Painting, Juhari Devi Girls P.G. College, Kanpur), Ms. Saraswati Mishra (ex-student, recipient of J.R.F. and faculty member in a self-finance College in Kanpur) and Ms. Shraddha Chaurasia (ex-student and lecturer in an Inter College, Kanpur).

### **Student Progression**

#### **5.2.1. Providing the percentage of students progressing to higher education or employment (for the last four batches), highlight the trends observed.**

Ans: There are thirteen departments presently running in the college. Of them, six are post-graduate and seven are under-graduate departments. Of the six P.G. Departments, one (Home Science) runs under self-finance scheme for which an entrance exam is conducted by the university for admission. The selected students are assigned to the college by the university itself. These selected students can be outsiders as well as students who did their U.G. (with Home Science as one of their subjects) from the college itself. All sixty seats assigned to the college are filled by the university. It is therefore, not possible to calculate the exact percentage of students who progress from U.G. to P.G. within the college to study P.G. in Home Science.

In the remaining five departments, the total number of seats allotted to each P.G. course is sixty. But these sixty seats are also open to the outsiders. The admission is done on the basis of merit. Moreover, the U.G. subjects of Sociology and Education, which attract maximum number of students in B.A. do not have P.G. in the college. Therefore, the students who seek P.G. in these two subjects are forced to do so from some other college. To sum up, on an average, only about 25% students graduating from the college go for P.G. programme in our college.

#### **5.2.2. Provide details of the programme wise pass percentage and completion rate for the last four years (cohort-wise / batch-wise as stipulated by the university). Furnish programme-wise details in comparison with that of the previous performance of the same institution and that of the colleges of the affiliating university within the city / district.**

Ans: Programme-wise pass percentage:

Programme	2011-12	2012-13	2013-14	2014-15
U.G.	96.5%	96.7%	98.8%	96.8%
P.G.	92.7%	97.7%	93.5%	96.8%

Programme-wise completion rate:

Programme	2011-12	2012-13	2013-14	2014-15
U.G.	86%	90%	91%	88%
P.G.	91%	99.5%	87.5%	95%

Since the results of MA (Music) of the year 2014-15 had been sent by the university till the time of the submission of the report, the above data excludes the same. Moreover, it is not possible to give a comparative data of the results of other institutions affiliated to the university as the college does not and cannot have access to the same.

**5.2.3. How does the institution facilitate student progression to higher level of education and/or towards employment?**

Ans: The institution facilitates student progression to higher level of education through its Guidance, Counselling and Placement Cell. It takes into account their subjects at U.G. and P.G. level, their areas of interest, their aptitudes and their choices. Through its several seminars, meets and talks, the Cell then suggests the appropriate jobs to the students. The teachers also provide counselling to the students as they are in regular touch with their performances and abilities to progress to higher levels of education or towards employment. But it is very difficult to maintain the records of the students who are employed after finishing their courses from the college. They rarely ever report their employment status in the college. There are mostly Under-graduate Departments in the college and the students, before seeking employment, prefer to do post-graduation. Since they do their P.G. from other colleges, they rarely ever report back in our institution after being employed.

**5.2.4. Enumerate the special support provided to students who are at the risk of failure and dropout?**

Ans:

- The faculty tries to finish the course of every subject on time so that the regular students do not miss any topic of their subjects.
- For students who are weak in academics, the college has run remedial/coaching classes.
- The teachers are personally available to the students to answer their queries regarding their academic programme.
- There are interactive sessions also in which the students try to seek the solutions and answers to their curricular problems.
- Through Students Redressal Cell also students are encourage to come out with their academic problems. Their queries are then sought to be answered.
- Programmes on women empowerment are also organised to educate the students about the importance of education.
- Parents-teachers Association also encourages the parents to inspire their wards to pursue further studies.
- Extra classes and revision classes are conducted to finish the course on time. Teachers try to revise the syllabus before the examinations start.
- The college has started Network Resource Centre to facilitate the students in their studies.
- All the necessary informations regarding the submission of examination forms, dates of practical examinations or the schedules of annual exams are conveyed to the students well before time. There have been occasions when, despite the best of efforts by the institution, some students failed to receive the dates of practical examination. The institution has ensured to inform the absent students about the examination date at their door steps.

**5.3 Students Participation and Activities**

**5.1.5. List the range of sports, games, cultural and other extracurricular activities available to students. Provide details of participation and programme calendar.**

Ans: The college is particularly known for its active participation in sports and games at inter-college, inter-state and national level activities. To facilitate the students' participation in games and sports, there is full-fledged Sports Department in the college under Smt. Seema Ghosh who personally takes the college teams to places of competitions and programmes at district, state and national levels. Annual sports of the college are held every year. In 2014-15, the 47<sup>th</sup> College Annual Sports day was organised.

The details of cultural and extracurricular activities of the students are given in Question No 5.3.2.

The achievements of the students in sports and games are as under:

**5.3.3. How does the college seek and use data and feedback from its graduates and employers, to improve the performance and quality of the institutional provisions?**

Ans: The institution has developed its own format to seek the feedback from the students. This feedback is taken from both the under-graduate as well as post-graduate students. It is taken on the following parameters:

- Feedback on curriculum
- Feedback on the teachers
- Feedback on programmes and teaching
- Feedback on infrastructural basic facilities

Since these parameters include feedback about the institution, it definitely is used positively for the growth and development of the college. For instance, the graduates of the college were constantly showing desire for the up-gradation of the college infrastructure--particularly the renovation of the building. As a result, the Board of Management undertook several measures to satisfy their demands, added furniture, CCTV cameras, Public Announcement System, regular white-washing, improvements in washrooms etc. This work is continuously going on since 2010.

To seek data and feedback from the employers, regular meetings and consultations with all the stakeholders take place which add to the growth and development of the institution. Moreover, the different academic and administrative committees also collect data and feedback in their respective areas from the students as-well-as employees.

**5.3.4. How does the college involve and encourage students to publish materials like catalogues, wall magazines, college magazines and other materials? List the publications / materials brought out by the students during the previous four academic sessions.**

Ans: The college publishes the college magazine almost every year in which the college invites articles, poems or other such creative writing by the students in English, Hindi and Sanskrit. During the academic session of 2011-12 and 2012-13, the college published the magazine in which 26 poems and articles in Hindi, 5 in English and 13 in Sanskrit were contributed by the students. For the sessions 2013-14 and 2014-15, this magazine is going to be published in this session. There is also a good contribution of students for publishing different type of materials. These students are a part of the editorial board of this magazine. They participate in the collections of articles, editing, proof-reading and other related works of magazine publication.

5.3.5. **Does the college have a student council or any similar body? Give details on its selection, constitution, activities and funding.**
